Chance favors only the prepared mind

Self Evaluation

I would like to spend all time on software development, because I love it, so I try my best learning computer science.

Education

Master's Degree, Computational Science & Engineering

Georgia Institute of Technology, 2014 - 2015   Grade: 3.53   Graduate date: December 2015

Relevant Course:

High Performance Computing

Numerical Linear Algebra

Introduction to Enterprise Computing

Structural Dynamics

Bachelor's Degree, Civil Engineering

Tongji University, 2009 - 2013   Grade: 4.33/5.0   Rank 1st in class in 2010-2011 year

Relevant Course:

Fundamentals of Computers

C++ Programing

Computer Software Development Technology (C/C++)

Multimedia Technology and Applications (Photoshop, 3ds Max)

Engineering Software Application

Design of Concrete Structure

Skills & Activities

Java, C++, C#, Python,CSS,Html,JavaScript

Lead a team in Tongji Structure Model Competition in 2012 year.

Lead Tongji Summer Social Practice Project in 2010 year to pursue public welfare.

Honours

Learning Scholarship of Tongji University Third Class in 2009 - 2010 school year.

Learning Scholarship of Tongji University Second Class in 2010 - 2011 school year.

Learning Scholarship of Tongji University Third Class in 2011 - 2012 school year.

Outstanding Students in 2011- 2012 school year.
